Capture the essence of your home *or* passion through Black & White Photography  
Your HOME in Black & White - Your PASSION in Black & White

## How It Works!

### **Step 1:**

We will meet to discuss which special details/objects in your home/passion you would like captured in your personal art.

### **Step 2:**

We will set an appointment for me to digitally photograph the chosen features of your home/passion in a unique and artistic way.

### **Step 3:**

In the following weeks, you will review the proofs online & decide which images best capture your home/passion.

### **Step 4:**

You will select the images & the preferred sizes that you want printed for your home, with my assistance. (Usually, 3 – 5 images are chosen – in various sizes).

### **Step 5:**

Each image will be processed, printed & matted personally by me.

### **Step 6:**
